Detector 1012-V

EN - Edition 02

1012-V

The flat panel detector 1012-V with high resolution enables excellent image quality and convincing weather resistance for outdoor use. Maximum portability results from its light weight and detachable handles for two sides. Thanks to its high sensitivity, this detector proves to be a versatile element in VCsecurity systems. The simple switching between wired and wireless mode enables quick and easy work.
